## **BOOK SYNOPSIS**

Samuel Walkers **SENSE AND NONSENSE ABOUT CRIME, DRUGS, AND COMMUNITIES** was one of the first books to challenge common misconceptions about crime, and the new Eighth Edition remains uniquely effective at doing so. Described as a masterful critique of American policies on everything from crime control, to guns, to drugs, this incisive text cuts through popular myths and political rhetoric to confront both conservative and liberal propositions in the context of current research and proven practice. The result is a lucid, research-based work that stimulates critical thinking and enlivens class discussions. This engaging text captures the full complexity of the administration of justice while providing students with a clear sense of its key principles and general patterns. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
